TO SERVE ENGINEERS, INC.

RE: Thomas Park Project

Dear Mr. Eldridge,

Now that we have submitted our Thomas Park Project to the USACE for permit, McClelland Consulting Engineers recommends that we develop and bid an early site package for the rough grading earthwork on the Thomas Park RV and Soccer Projects. MCE would prepare the drawings and specifications and advertise the project for bids in accordance with State Law towards the end of May and take bids in the middle to the end of June. Once we have received and reviewed the bids from contractors we can move forward quickly or hold the bids for up to 120 days before deciding to move forward. This will allow us to be ready to move into construction once we receive the permit.

If this plan is acceptable, please let us know and we will move forward with the preparation of the documents.

Sincerely,

Dan Beranek, PE

President MCE-Little Rock
